Help for the Hearing Impaired

Undiagnosed hearing loss affects millions of Americans and can make communication very difficult. As hearing loss increases, it causes frustration and confusion. The consequences of hearing loss are not inevitable.

There is a solution.

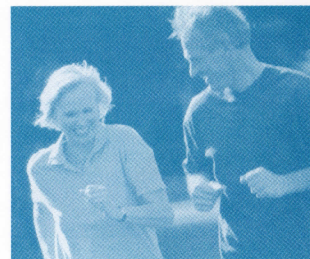

Quality and Service

Advances in hearing aid technology are allowing more people to hear better than ever before. Hearing aids may not provide perfect hearing, but the difference they can make for someone struggling with hearing is amazing. Professional knowledge and clinical follow-up services are key at our Hearing Aid Center.

Services Offered:

- Advanced technology
- Complete hearing tests
- Trial period with hearing aids
- Wide range of hearing aid styles, prices and payment plans
- Unlimited follow-up visits with purchase of hearing aid
- Lifetime cleaning and reprogramming of hearing aids
- Hearing aid maintenance, repair and supplies
- Professional environment

Fritz Goset, Audiologist

Fritz has been with The Everett Clinic since 1979. His goal is to do what is right for each patient by focusing on excellent service and quality products. If you would like to hear better, give him a call.

Appointment Information

Hearing help is just a phone call away. You may call the Hearing Aid Center directly or see your primary care physician for a referral.
