LEADERS

THE MASTER OF MANAGEMENT PROGRAM*

for technology-oriented companies

- Techniques and skills for sound analysis, project management, and strategic decision-making
- Conceptual frameworks and critical-thinking tools for managing innovation
- 2 years,
2 evenings per week

* The MGMT is changing to an MBA for Autumn 2001 pending approval. the MBA requires 72 credits.

“The program has given me new insights into management that I can apply in my job, as well as the opportunity to network with people from very diverse backgrounds and industries.”

Randy Serroels
Director of Operations
